

Emoji Scavenger Hunt Worksheet

Examine at least two popular target culture social media platforms for the use of emojis. Optionally, you can also fill out the last column (looking at emoji use when texting with members of the target language community). Be sure to include information for each about which emojis are used, what you think they may signify, and their physical placement.

	Social Media Platform 1:	Social Media Platform 2:	Instant Messaging App/Text
Which emojis are used? (smiley, thumbs up, heart, etc.)			
Based on context clues within the post(s), what do you think they each might mean? (heart = cute, love, showing approval)			
What do you notice about the physical placement of emojis (e.g. alone, before text, after text, before/after punctuation, etc.)?
