The primary aim of the Department of Dance is to enrich the lives of majors, nonmajors, and the Oregon community with diverse dance experiences. Dance is explored as an art form and as one of the humanities in a liberal arts education. Study in dance as an academic discipline integrates inquiry and theory to develop skills in observation, critical thinking, problem solving, and evaluation. In addition to the academic components, dance students experience the rigorous professional discipline that is inherent in studio classes. The department emphasizes modern dance with a strong supporting area in ballet. Students may also study such idioms as ballroom, contact improvisation, hip-hop, jazz, salsa, tango, and tap.

Regardless of a student's career goals, education in dance at the University of Oregon provides the opportunity to develop motivation and self-discipline, intellectual curiosity, and creative imagination. These attributes are essential not only for a successful career but also for experiencing a fulfilling life.

Information about performances, placement classes, performance auditions, master classes, special events, and scheduling updates is available in the department office.

Facilities

The Department of Dance has four professional dance studios for classes and activities in dance. In addition to serving as classrooms and rehearsal spaces, two studios in Gerlinger Annex convert into the M. Frances Dougherty Dance Theatre, which seats 225 people and has state-of-the-art stage equipment.

Performing Opportunities

The department offers frequent opportunities for students to perform in works by faculty members, guest artists, graduate students, and undergraduates. Performances are produced throughout the year, and any university student may participate. Participants are usually selected through auditions. Rehearsals and performances may earn academic credit.

A student may earn credit and gain experience in teaching, lighting, costuming, makeup, management of productions, or a combination of these. Practicum credit is offered in dance choreography, production design, and management.

Repertory groups such as the UO Repertory Dance Company and Dance Africa tour Oregon and the Northwest presenting concert performances as well as lecture-demonstrations and master classes for public schools, colleges, universities, civic organizations, and community concert series.

Theatrical collaborations with the Department of Theater Arts or within the School of Music and Dance provide performance opportunities that incorporate dancing, acting, and singing. These activities carry academic credit.

Honor Society and Scholarships

The Department of Dance awards Lotta Carll scholarships yearly to talented student performers and choreographers.

Dance Oregon

A student organization partially funded by the Associated Students of the University of Oregon, Dance Oregon is open to any student interested in dance. Its general function is to enhance and enrich the dance opportunities offered through the departmental curriculum. To this end, Dance Oregon provides a variety of activities each year that are promoted on and off campus. Examples include sponsoring professional guest artists to perform, lecture, set repertory, or teach master classes, and organizing student participation in the American College Dance Festival.

Dance Program for Nonmajors

A variety of dance experiences are provided for enjoyment and enrichment through the dance program. Lower-division DANC courses generally offer beginning or elementary instruction and may be repeated twice for credit. Upper-division DANC courses provide low-intermediate instruction and may be repeated twice for credit. A maximum of 12 credits in DANC courses may be applied to the total number of credits required for a bachelor's degree.

Upper-division DAN courses provide advanced instruction. See DAN course listings for credit repeatability.

Noncredit DANC and DAN studio courses may be available to matriculated university students through the noncredit student program and to members of the community through community dance. In each case, a modest instructional fee is assessed by the Department of Dance.

Undergraduate Studies

The Department of Dance offers curricula leading to bachelor of arts (BA) or bachelor of science (BS) degrees. The goal of the department is to provide comprehensive dance training within the liberal arts framework of the university. The serious study of dance involves intellectual, artistic, and physical development. The Department of Dance emphasizes all three areas of growth, a commitment made possible by the breadth of its curricular offerings and the depth of faculty expertise.

Facility with oral and written communication is one goal of a liberal arts education. Therefore, dance majors pursue a course of study to acquire a firm intellectual grasp of the theoretical, historical, and creative forces that shape dance as an art form.

Dance, unique in that it is also a physical form of communication, requires continual experience in its technical foundations. Students are expected and encouraged to experience a variety of forms of dance training and idioms. Production and pedagogy are also integral to the undergraduate core, because many students find careers in theater and teaching.

Goals for the Undergraduate Dance Major

1. Explore the field of dance from a liberal arts perspective
2. Explore disciplined technique and creative processes involved in the artistry of dance
3. Formulate an intellectual understanding of the historical, philosophical, and culturally significant aspects of dance
4. Develop a working knowledge of music and science as they relate to and enhance the dance experience
5. Develop an understanding of dance as a unique art form in conjunction with its relationship to other art forms and disciplines
6. Develop a level of competence in performance, creative, and theoretical aspects of dance to pursue graduate studies or other professional goals

Preparation

High school students planning to major in dance should include preparation in music, drama, art, and dance, especially modern dance and ballet.

Students transferring to the UO as dance majors after two years of college work elsewhere should have completed two terms of college-level English composition, as many of the university's general-education requirements as possible, and training in modern dance and ballet techniques.

Careers

Career opportunities include performing in regional dance companies and teaching in universities, colleges, community colleges, community centers, fitness centers, and private studios. Business and technical theater management, dance science, dance research, and dance journalism offer alternatives to performance and creative work.

Admission and Placement

Students eligible for admission to the university may declare dance as a major. Entering freshmen should have a knowledge of dance and music as art forms and technical training in dance. Transfer students must meet any deficiencies in lower-division dance course work by proficiency examination or by completion of the core course at the first opportunity.

A placement class in modern dance and ballet technique is required of all majors and minors. Placement classes are held spring term for the following year as well as during Week of Welcome, in the fall. Faculty adjudicators observe and place students according to their skill level. Entering freshmen who plan to attend IntroDUCKtion, the university's new-student orientation held in July, are strongly urged to take the spring placement class to determine which technique classes to take. More information on placement is available by contacting the dance department office.

Bachelor Degree Program

Students are placed in levels of modern and ballet technique according to skill level. Each term students are reviewed to ensure that they are studying at the most advantageous level for their abilities. Dance majors are expected to take a modern and ballet course every term.

Candidates for the bachelor's degree with a major in dance must satisfy general university requirements, select appropriate courses in related areas, and complete dance course requirements with a grade of C– or better. The faculty regularly reviews students for evidence of satisfactory progress toward fulfilling degree requirements. Students who receive grades lower than C– or I (incomplete) or Y in dance courses are placed on departmental probation and must repeat or complete the course with a minimum grade of C–. Students placed on departmental probation have one term to achieve the goals they agreed upon with their academic advisors. While students are on probation, they receive guidance to help them achieve satisfactory progress toward the degree.

Courses required for a dance major or minor must be taken for letter grades when that option is available. A grade of P must be earned in courses designated pass/no pass (P/N) only. The P/N option should be exercised sparingly by students who plan to pursue a graduate degree in dance.

Advising

Students admitted as majors must meet with a dance faculty advisor prior to registration each term. These meetings inform students about prerequisites and progress toward the degree. Appointment schedules for advising are posted by each advisor. Students must have a signed advising contract in their departmental academic file before they may register each term.

1. Lower-division breadth courses should be completed by the end of the sophomore year. Students with experience in any of these forms should enroll in the highest level that reflects their competence in each idiom. Decisions about the appropriate level are made in consultation with an advisor.
2. Dance majors must enroll in a ballet or modern technique course every term they are in the program. The minimum competency for graduation is two terms of ballet—Ballet Laboratory (DAN 396)—and three terms of modern—Modern Dance Laboratory (DAN 394).
3. During the last three terms before graduation, each major must complete an additional 6 credits of Modern Dance Laboratory (DAN 394) or Ballet Laboratory (DAN 396) or higher.
4. With approval from their faculty advisor, dance majors may focus their 24 credits of elective work in one of three ways:
   1. by completing an established minor or second major
   2. by concentrating on an area of emphasis within dance
   3. by integrated interdisciplinary study

Students who enroll in a DAN or DANC course without completing the course's prerequisite—either a specific course or an audition or a level of skill—are asked to withdraw. Failure to do so results in a grade of F or N (no pass) for that course.

Required internships, performances, and senior projects can be satisfied in a variety of ways. Through consultation, students and their advisors choose options for these requirements that allow the students to pursue personal interests.

University requirements for the BA and BS degrees are explained in the **Bachelor's Degree Requirements** section of this catalog.

Honors College Program

See the **Robert Donald Clark Honors College** section of this catalog for specific honors college requirements. Departmental requirements for dance majors enrolled in the Clark Honors College include the following:

- 6 credits of independent study in choreography, technical production, or related research leading to the senior honors thesis
- Either a choreography (minimum of ten minutes) with written description and discussion or an honors essay on an approved research topic

Dance Minor

The dance minor is available to undergraduate students who want to combine an interest in dance with a major in another area of study. The minor allows students flexibility in constructing a program of courses to enhance and complement any chosen major.

Dance courses applied to the minor must be passed with grades of C– or better. Most upper-division courses have prerequisites, corequisites, or both.

- **Master's Degree with Thesis**
- **Master's Degree without Thesis**
- **Master's Degree, Emphasis in Dance Science**
- **Master of Fine Arts**

Graduate Studies

The Department of Dance offers master of arts (MA) and master of science (MS) degrees in three programs—general master's degree with thesis or choreographic thesis, general master's degree without thesis, master's degree with emphasis in dance science—and the master of fine arts (MFA) degree.

The MFA program requires at least three years of study in residence. Full-time students with adequate undergraduate preparation can complete an MS or MA degree program in two years if their area of specialization is designated during the first year. Students who enter with background deficiencies or who lack a specific focus for the thesis or final project typically take more than two years to complete an MS or MA degree. Work for a master's degree must be completed within a period of seven years. This includes credits transferred from another institution and the thesis or final project.

Admission

Department Visit

Applicants for admission are strongly encouraged to visit the dance department during February or March of the preceding academic year. Participation in classes and performance of choreographic excerpts during the visit help the faculty to evaluate applicants and serve to augment the video application. Video applications alone are acceptable in extenuating circumstances. Video applications must be in DVD or in half-inch VHS NTSC-standard format and must clearly show technical, performance, and choreographic proficiencies. For more information, call or write the department.

Application

Students seeking admission to a master's degree program should apply online through the Graduate School. Application for enrollment is open to anyone who has graduated from an accredited college or university and has a 3.00 cumulative undergraduate GPA. A student with a GPA below 3.00 may be admitted upon review of credentials. An official transcript of the student's college record must be submitted to the Graduate School. In addition, applicants must arrange for electronic submission of three letters of recommendation, a current curriculum vitae or résumé, a statement of purpose explaining why they intend to pursue graduate studies in dance at the University of Oregon, and a sample of written work. The statement of purpose and sample of written work are used to evaluate the applicant's writing ability. All submissions must be electronic.

International students whose native language is not English must earn scores of at least 575 on the Test of English as a Foreign Language (TOEFL).

Adequate undergraduate preparation in dance theory and technique is required for admission to graduate programs in dance. Applicants with undergraduate deficiencies should seek admission as postbaccalaureate students until the necessary courses are completed.

Deficiencies, which must be addressed at the first opportunity after entering the program, may be made up by

- passing proficiency examinations provided by the department
- presenting evidence of acceptable practical professional experience
- demonstrating ability on videotape or in person for faculty review

Graduate Fellowships

Some graduate teaching fellowships (GTFs) are available; applications are available online. Fellowship applicants are strongly urged to visit the department. Applicants who cannot visit must submit a DVD or half-inch VHS NTSC-standard format videotape documenting teaching skills in at least two dance idioms—African, ballet, ballroom, contact improvisation, hip-hop, jazz, modern, salsa, swing, tango, or tap. Videos should document a complete class; edited highlights of classes are not acceptable. Applications are reviewed beginning January 1 for the following fall term. GTF offers are made beginning April 15. Positions remain open until filled. Graduate teaching fellows must satisfactorily complete at least 9 graduate credits each term.

Master of Fine Arts Requirements

The master of fine arts is a rigorous terminal degree. Prescribed components provide a foundation upon which each student builds an individualized degree. Flexible emphases, supported by faculty expertise, permit elective areas of study in performance, choreography, collaboration, education, history, contemporary issues, and dance science. The program emphasizes modern dance with ballet as a strong supporting area.

Goals

The MFA in dance is designed to develop

- individual creative and scholarly talents, interests, and philosophies that can be used to expand and preserve our cultural heritage
- individuals with the potential to solve contemporary problems in dance and to explore and address new questions and issues
- professional competence in the dissemination of knowledge, including the logical, verbal, and written presentation of aesthetic ideas
- scholarly competence in the organization, evaluation, and interpretation of knowledge
- professional competence as reflected in a significant body of artistic work

Upon consultation with the graduate director, students may use graduate-level work for the master's degree to correct deficiencies.

Satisfactory Progress toward a Master's Degree in Dance

1. Qualified students are admitted to the dance master's degree program with conditional master's classification. The classification is changed to unconditional master's after a student has
   a. corrected undergraduate deficiencies
   b. completed 12 graduate dance credits with grades of mid-B or better

c. achieved a technical skill equivalent to that achieved in Modern Dance Laboratory (DAN 594). Studio classes taken to prepare for 500-level DAN courses must be passed with letter grades of mid-B or better
Students must achieve unconditional master's classification before they have completed 36 credits of graduate work

2. Students must meet with a graduate advisor each term to draw up course advising contracts, which ensure that courses taken fulfill university and department requirements
3. DAN graduate courses must be passed with grades of P or B– or better. Courses must be retaken at the next scheduled offering if satisfactory grades are not received. The student may be dropped from the program if a grade of P or B– or better is not earned on the second try
4. Technique and core courses (except Workshop: [Topic] (DAN 508) and Workshop: [Topic] (DAN 608)) must be taken for letter grades. A minimum of 24 graduate credits must be taken for letter grades; the remaining credits may be taken pass/no pass. P is the equivalent of a B– letter grade or better
5. Courses in dance should be completed the first term they are offered during graduate study. Requests for exceptions are considered by members of the faculty after approval by the student's advisor
6. Students must have a GPA of 3.00 or better in course work used to meet the requirements of a master's degree
7. With the exception of Thesis (DAN 503), no more than one incomplete (I) may be earned each term and no more than two each year. Students have one calendar year or less to finish an incomplete, depending on the nature of the course and the instructor's requirements

MA and MS Requirements

A minimum of 54 graduate credits must be completed for an MA or MS degree in dance; at least 30 of these credits must be earned in residence after admission to the graduate program. Candidates for the MA degree must demonstrate proficiency in one second language by submitting evidence of two years of college-level study within the previous seven years or by passing an examination at the university Testing Office, 238 University Health and Counseling Center Building.

Students must enroll in a technique course every term during their studies in residence and earn a minimum of 6 credits in 500-level DAN courses. These 6 credits must be taken for letter grades.

Students must take a minimum of 2 credits in Supervised College Teaching (DAN 602). The department recommends that these credits be earned in at least two teaching experiences, which provide opportunities to develop mentor relationships with faculty members.

A final oral thesis defense or terminal project presentation is administered by the student's faculty committee following completion of the thesis or project.

This individualized program is designed in consultation with the coordinator of the dance science program to meet the interests of the student. Eight to 16 credits must be earned in graduate courses outside the dance department. These courses are selected from fields related to the student's research.

All course work for this option must be approved by the dance science coordinator, who must be a member of the student's thesis committee.

This option integrates a degree in dance with a second area of specialization in a related science. A bachelor's degree in dance or its equivalent is the preferred background.
