The University Health Center is a unit in the Division of Student Services and Enrollment Management. The center provides comprehensive primary health care services for currently enrolled UO students who have paid student health fees. These services are provided by a highly qualified staff that includes board-certified physicians and nurse practitioners, dentists, registered nurses, certified medical assistants, laboratory and x-ray technicians, athletics trainers, physical therapists, pharmacists, dental hygienists, health promotion staff members, massage therapists, an acupuncturist, a dietician, and a support staff.

- Sexual health
- Student health insurance program
- Tobacco cessation
- Travel clinic

Hours of Operation

The University Health Center is open from 9:00 a.m. to 5:00 p.m., Monday through Friday; and from 9:00 a.m. to noon, Saturday, fall through spring terms. Summer session hours are 9:00 a.m. to 4:30 p.m., Monday through Friday; closed weekends. Some clinics may have extended hours; please refer to the website for more information.

Appointments

Students are encouraged to make appointments by calling 541-346-2770 during weekday hours or logging in to the online portal (https://health.uoregon.edu/myuohealth).

Nurse advice is available 24 hours a day. Call 541-346-2770.

Local emergency rooms and after-hours clinics are available for emergency and immediate care when the health center is closed.

Charges

The University Health Center charges a nominal fee for clinic visits. Additional fees apply for laboratory tests, x-rays, procedures, medications and prescriptions, immunizations and injections, dental procedures, and other special services and supplies. Every effort is made to keep these charges low.

Students who are referred for medical services not available at the center or who use medical services outside the center are fully responsible for all expenses.

Student Health Insurance

University of Oregon students are encouraged to secure adequate health insurance that works in the Eugene area, in case of health emergencies and unexpected medical expenses. International students are required to purchase health insurance as a condition of enrollment.

The health center is part of some insurance company networks and will bill other plans as a courtesy. Please check the website for more information.

Immunization Requirements

As of fall term 2017, the University of Oregon has expanded its immunization requirements for incoming students. Students are encouraged to satisfy all of their immunization requirements before arriving on campus. Vaccines offer safe and effective protection from certain infectious diseases and safeguard the health of students and the community.

The following vaccinations are required:

- Measles, mumps, and rubella (MMR) series completion
- Meningococcal quadrivalent (serogroups A, C, Y, and W-135) vaccination for all students younger than 22 (dose received on or after turning 16)
- Varicella (chickenpox) series completion
- Tetanus-diphtheria-pertussis (Tdap) (one dose on or after age 11)

Incoming students also must complete an online screening questionnaire for tuberculosis (TB). Results of this evaluation, in addition to documentation of required vaccinations (or evidence of immunity to these diseases) must be submitted to the University Health Center. Full details are available on the website (https://health.uoregon.edu).

While not required at this time, immunizations are also strongly recommended for meningococcal B strain, hepatitis A and B, and human papillomavirus (HPV), in addition to an annual flu shot. Pneumococcal vaccine is recommended for students with certain medical conditions.

Other General Information

The health care services provided at the University Health Center (a covered entity of the Health Insurance Portability and Accountability Act of 1996) are confidential. Medical records, patient bills, and other patient information are released only with the specific written authorization of the patient, unless required by law

The University Health Center is a member in good standing with the American College Health Association and is fully accredited by the Accreditation Association for Ambulatory Health Care.

For more information, visit the health center website.
