Interior Architecture Minor

The Interior Architecture minor provides a means for students majoring in architecture or landscape architecture to broaden their expertise as designers while exposing students with other majors to courses that integrate design thinking and place making with human behavior and function.

Minor Requirements: 26 credits

Code	Title	Credits
Subject Area (Nonstudio) Requirements		
IARC 204	Understanding Contemporary Interiors	4
One intermediate studio is required for programs within the School of Architecture and Environment [1]		6

IARC 475	History of Interior Architecture II	
IARC 476	History of Interior Architecture III	
IARC 492	Electric Lighting [1]	
Total Credits		**26**

1. Course may not be taken by students outside of the Department of Architecture, with the exception of landscape architecture students.
2. For students majoring in the Department of Architecture, 16 elective credits are required; for all others, 22 are required.

Undergraduates who are enrolled in any major can apply to the minor. Completed applications including supporting academic records are submitted to the Department of Architecture office. Applicants are notified when their applications have been approved. Because the department's first obligation is to its majors, it cannot guarantee availability of courses for minors. Minors may register if space is available after the needs of majors have been met. Enrollment in the minor program is limited. If the department is unable to accommodate additional minor students, it may suspend admittance to the minor program until space becomes available.
