Program Learning Outcomes

Upon successful completion of this program, students will be able to:

- Design, carry out, and evaluate research studies that contribute to the prevention science literature.
- Demonstrate skill in disseminating their work to diverse audiences via formal academic presentations, instructional activities, and professional/academic writing.
- Demonstrate awareness and understanding of diversity and contextual issues such as culture, identity, ethnicity, gender, sexual orientation, disability, marginalization, poverty, inequality, and religion in their research, applied activities, and professional behavior. \
- Demonstrate honesty, personal responsibility, and knowledge and appropriate application of relevant ethical and legal codes related to prevention science (e.g., APA Ethical Standards).

Master of Science in Prevention Science

Code	Title	Credits
Psychological Foundations		**19**
CPSY 621	Lifespan Developmental Psychology	
PREV 631	Introduction to Prevention Science	
PREV 633	Contemporary Issues in Public Health	
PREV 634	Implementation Science	
CPSY 645	Health Promotion and Equity	
SPSY 650	Developmental Psychopathology	
Research Methods		**15**
EDUC 612	Social Science and Education Research Design	
EDUC 614	Educational Statistics	
EDUC 640	Applied Statistical Design and Analysis	
EDUC 642	Multiple Regression in Educational Research	
EDUC 644	Applied Multivariate Statistics	
Professional Foundations		**9**
PREV 611	Capstone Seminar I	
Research/Reading		13
PREV 601	Research: [Topic]	
Electives:		**9**
PREV 605	Reading and Conference: [Topic]	
PREV 610	Experimental Course: [Topic]	
PREV 632		
PREV 634	Implementation Science	
EDLD 623		
CPSY 610	Experimental Course: [Topic]	
CPSY 614	Theories of Counseling	
CPSY 617	Theories of Career Development	
SPSY 610	Experimental Course: [Topic]	
SPSY 617		
SPSY 631	Academic and Behavioral Interventions	
SPED 511	Foundations of Disability I	
Master's Research Project		
Total Credits		**65**
