Undergraduate Education and Student Success

Undergraduate Education and Student Success, a division of the Office of the Provost, offers programs that enrich the academic life of all undergraduate students. Under the leadership of the vice provost for undergraduate education and student success, the division promotes

- a campus culture of intellectual curiosity and engagement
- opportunities for students at all levels to be creative and to work in close association with outstanding faculty members
- a coherent approach to general education

The central responsibility of the division is to introduce students to the university and the world of ideas, supporting those who are curious and intellectually vigorous regardless of their cultural background or socioeconomic circumstances.
