

Music Education (BMME)

The UO's music education program is among the most comprehensive and innovative in the western United States, and the only one in Oregon to offer bachelor's, master's, and doctoral degrees. Our faculty members provide expertise in band, choral, elementary general, and string music education. UO is among only a handful of West Coast schools to offer music teacher licensure within the four-year bachelor's degree.

For more than two decades, nearly 100 percent of UO music education graduates seeking employment as K–12 public school music teachers have received job offers upon graduation. Our alumni teach throughout the United States and internationally, including in China, Italy, Spain, and Vietnam. For future music teachers, a UO music education degree signals outstanding preparation through a rigorous and comprehensive program.
