Peter Ralph, Department Head

203F Pacific Hall
1202 University of Oregon
Eugene OR 97403
541-346-5530

At the UO, Data Science students and faculty harness the power of data to unravel mysteries, predict trends and drive impactful change. Students have access to state-of-the-art facilities and resources, including high-performance computing clusters and extensive datasets, enabling them to explore and analyze real-world problems across diverse domains. Through collaboration with industry and academic partners, the Data Science Program fosters a vibrant and dynamic learning environment, preparing students for a successful career in data science.

Faculty

Peter Ralph, associate professor (populations and evolution with genomic data). AB, 2002, PhD, 2009, California, Berkeley. (2016)

Undergraduate Program

Major - Bachelor's Degree

- Data Science (BA/BS) (<https://catalog.uoregon.edu/arts-sciences/school-computer-data-sciences/data-science/ug-data-science/>)

Graduate Program

Major - Master's Degree

- Data Science (MS) (<https://catalog.uoregon.edu/arts-sciences/school-computer-data-sciences/data-science/ms-data-science/>)
