The Judaic Studies Minor provides a comprehensive undergraduate curriculum in the history and cultural traditions of the Jewish people, as well as contemporary Israel, and offers instruction in Hebrew language and literature. The focus on Jewish cultures and experiences as a lens through which to study the world provides a liberal arts background suitable for careers in a range of professional fields (education, social services, public policy, among others) and prepares students for graduate work in Judaic studies, religious studies, and related fields.

## Judaic Studies Minor Requirements

Courses used to fulfill the minor requirements must be taken for a letter grade and passed with a grade of C- or better.
