

MATH 282 SPRING 2022
HOMEWORK 8
DUE MAY 25, 2022.
INSTRUCTOR: ROBERT LIPSHITZ

Required problems (quiz problems drawn from these):

- Section 16.7: 9, 17, 18, 25, 31, 39, 43.

Suggested challenge problems (conceptually interesting problems in the text to think about, but which will not be on a quiz):

- Section 16.7: 49.

Practice matrix:

If you got help with these...	try these on your own for more practice.
16.7.9	16.7.5–11
16.7.17, 18	16.7.12–20
16.7.25, 31	16.7.21–32
16.7.39	16.7.40, 42(a)
16.7.43	16.7.44

Comments on some of these problems:

- General: I didn't assign a lot of problems this week, since there's also the webworks and these problems take some time. Do as many extras as you need to.
- 16.7.49: We'll see a more general condition under which this holds in about a week.
