

MATH 341
MIDTERM 1 REVIEW
INSTRUCTOR: ROBERT LIPSHITZ

Here is a list of textbook problems similar in scope and difficulty to the first midterm, to use as review. (I think the midterm is slightly shorter than this review set.)

One difference: on the midterm, I will often (but not always) tell you both a matrix and its RREF, so you don't have to do the computation yourself.

- §1.2: 11.
- §1.3: 18.
- §1.4: 4, 20.
- §1.7: 23.
- §1.9: 9, 19, 21.
- Supplementary exercises (p. 90): 13.
